Please note, many of the 'new' items listed this month are in very limited quantities and in most cases are not available for us to re-order once we've sold out.

• BETWEEN SAVED AND SHOT and LONELY GRAVEYARD OF MY MIND are both currently out of stock. Dandelion have experienced some interference, however we are expecting these titles to become available again in the near future.

Rumours of the demise of the Dandelion label are expected to prove premature.
